

# 2019 PROGRAM OUTCOMES

## LOUISVILLE METRO REENTRY SERVICE CENTER

### PROGRAM SUMMARY

In Louisville, GEO Reentry Services provides comprehensive treatment programs in a non-residential setting tailored to meet individual participant's risks and needs. At the foundation of GEO Reentry's treatment is evidence-based programming designed to address criminogenic needs as identified through the assessment process. The non-residential reentry model includes the following: Cognitive Behavioral Therapy (CBT), life skills training, job readiness and employment assistance, community connections, education services, aftercare, Moral Reconciliation Therapy® (MRT), and family relationship reconciliation. Programming is delivered through group and individual sessions.

The following reflects 2019 (January 1, 2019 – December 31, 2019) program data for the Louisville Metro Reentry Service Center (RSC) in Kentucky.

**TOTAL PARTICIPANTS SERVED**  
**201**

### EMPLOYMENT GAINS

A goal of the RSC is to assist participants with securing employment and enrollment in school.

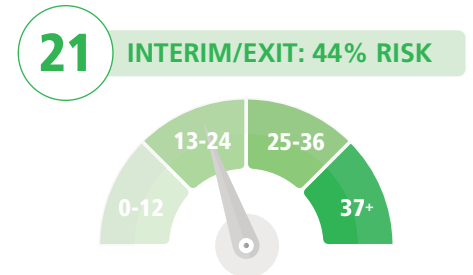

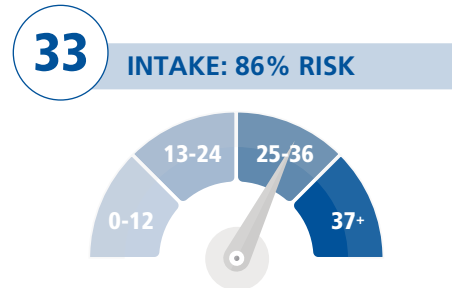

**1%** Entered programming employed and/or source of income

**21%** Exited programming with employment, education, and/or source of income

The RSC increased participant employment by **20 percentage points**, on average from intake to exit.

### RISK REDUCTION ASSESSMENT SCORES

In 2019, the Louisville DRC helped participants cut their risk of recidivism in half from 86% to 44%, a **49%** reduction in risk, on average.

#### RISK LEVEL PROFILE: MEN<sup>1</sup>

Risk/Needs Level	Score	Chance of Recidivism
■ Maximum	37+	99.25%
■ Medium-High	25-36	85.96%
■ Low-Medium	13-24	43.74%
■ Minimum	0-12	6.09%

#### RISK LEVEL PROFILE: WOMEN<sup>1</sup>

Risk/Needs Level	Score	Chance of Recidivism
■ Maximum	37+	99.35%
■ Medium-High	24-36	84.70%
■ Low-Medium	13-23	41.31%
■ Minimum	0-12	7.62%

### COST AVOIDANCE ANALYSIS

GEO Reentry programming at the RSC saves money for the City of Louisville and its citizens. Transforming offenders into productive members of the community avoids costly incarceration and enhances public safety.

In 2019, the Louisville Metro RSC saved the metro jail a total of 14,889 bed days resulting in over \$820,000 in savings.

**TOTAL JAIL DAYS SAVED\***  
**14,889**

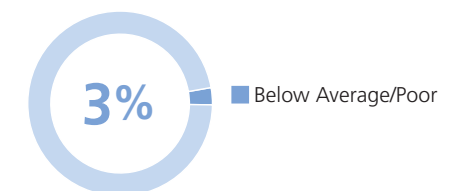

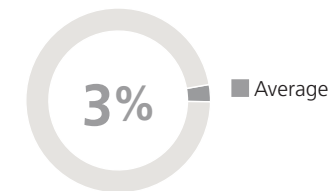

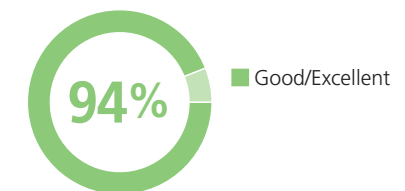

**INCARCERATION COST\*\***  
**\$55.12** per day per inmate

**COST AVOIDANCE\*\*\***  
**\$820,681**

\* Jail days saved by diverting individuals into the Louisville Metro RSC program.  
\*\* Cost based on data provided by the city of Louisville.  
\*\*\* Cost avoidance based on the actual operating costs of the day reporting center versus costs of incarcerating the same number of offenders for the same number of days between January 1, 2019 and December 31, 2019.

### 2019 PARTICIPANT FEEDBACK\*

Overall, how would you rate the quality of this program?

\*Based on survey results from 30 program participants.
